

Riva

## Aquariva Super

This is the key to understanding why Riva has transfused into Aquariva Super all the qualities and timeless charm of the legendary Aquarama, an unforgotten cult boat that is still an object of desire today.

Aquariva Super was born because there is a need in the world of yachting, and in the world more generally, for soft and elegant lines, for fine woods (the mahogany deck panelling with maple inlays) and luxurious leather finishes.

Her suave, elegant lines continue the game of seduction that once bewitched divas like Brigitte Bardot and Sophia Loren.

Aquariva Super was created to take up the story of a legend, and she has always fulfilled that mission in style. Anointed heir to the iconic Aquarama, she retains all her forebear's timeless allure, adding a fresh contemporary twist with her cutting-edge high-tech accoutrements.

Naturally, as well as the best things from the past, this outstanding yacht also features state of the art technology, such as the innovative electronically-controlled two speed gearbox, installed on the standard version, which boosts the acceleration of the twin powerful 370 HP Yanmar engines, enabling outstanding performances (with a top speed of 41.5 knots).

And while the 10.07 m long and 2.8 m wide hull is no longer built in wood but in Kevlar composites, thanks to technological evolution, the spacious sun pad at the stern is a faithful copy of the one which hosted stars like Brigitte Bardot and Sophia Loren in the past.

The exquisite fittings and details confer an unrivalled degree of comfort with uncompromising elegance, for a cruising experience of sublime originality.
