

———— Ferretti 500 ————

Breathtakingly beautiful, astonishingly comfortable, and personalisable inside with two alternative interior-design moods, the Ferretti Yachts 500 ushers in a new era for the brand. The brand new yacht combines nautical adventure with the domestic dimension in spaces and solutions of a comfort you'd normally expect only on rather larger craft.

Designs

The overall effect is a family ambience that immerses guests in a sensation of total wellbeing. Rediscovering the pleasure of leisure, by yourselves or with your nearest and dearest, means living your yacht like the exclusive, authentic multi-sensory habitat she is.

Feature

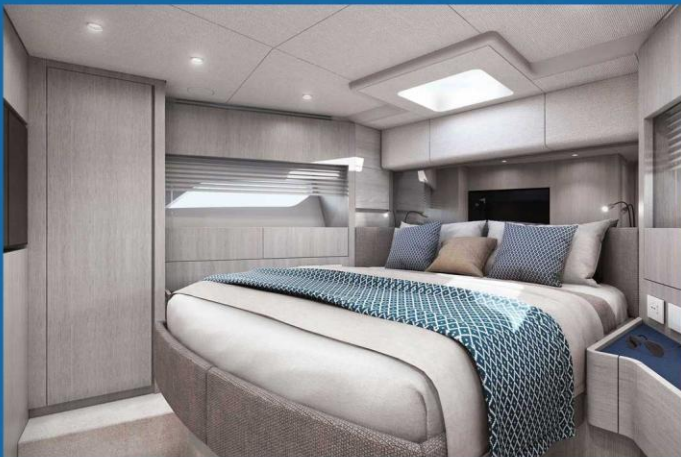

The 50-footer has larger-yacht features like dual staircases from the swim platform (which submerges for easier tender deployment/retrieval or a swimming area) up to the cockpit. The cockpit is more than a nook on this yacht, but a legitimate social zone, with an enormous sofa (which reclines) and table to accommodate up to 10 people for al-fresco dining. Up on the flybridge, the rear area is also set up for dining with the lounge and table, with a large sun pad in the forward section. On the bow is a third social zone with sun pads with reclining backrests.

FERRETTI

Based on the “Just Like Home” philosophy, expressing a life at sea that is the perfect combination between style and comfort. The revolution begins from the strategic 50-foot segment, but it will sweep through the entire range, including the fleet’ s new flagship.

With a completely updated design, both projects are the result of the partnership between the Strategic Product Committee, the Ferretti Group’ s Engineering Department, architect Filippo Salvetti for the exteriors and the design studio Ideaeitalia for the new interior concept. And it is precisely in the interiors that the souls of the new Ferretti Yachts models will be represented by two different moods. A classic line with warmer, more enveloping tones and another more contemporary one, with intense tones, both designed to suit the tastes of international customers.
